

H is for Herpetologists,

who study
lizards, snakes, and turtles!

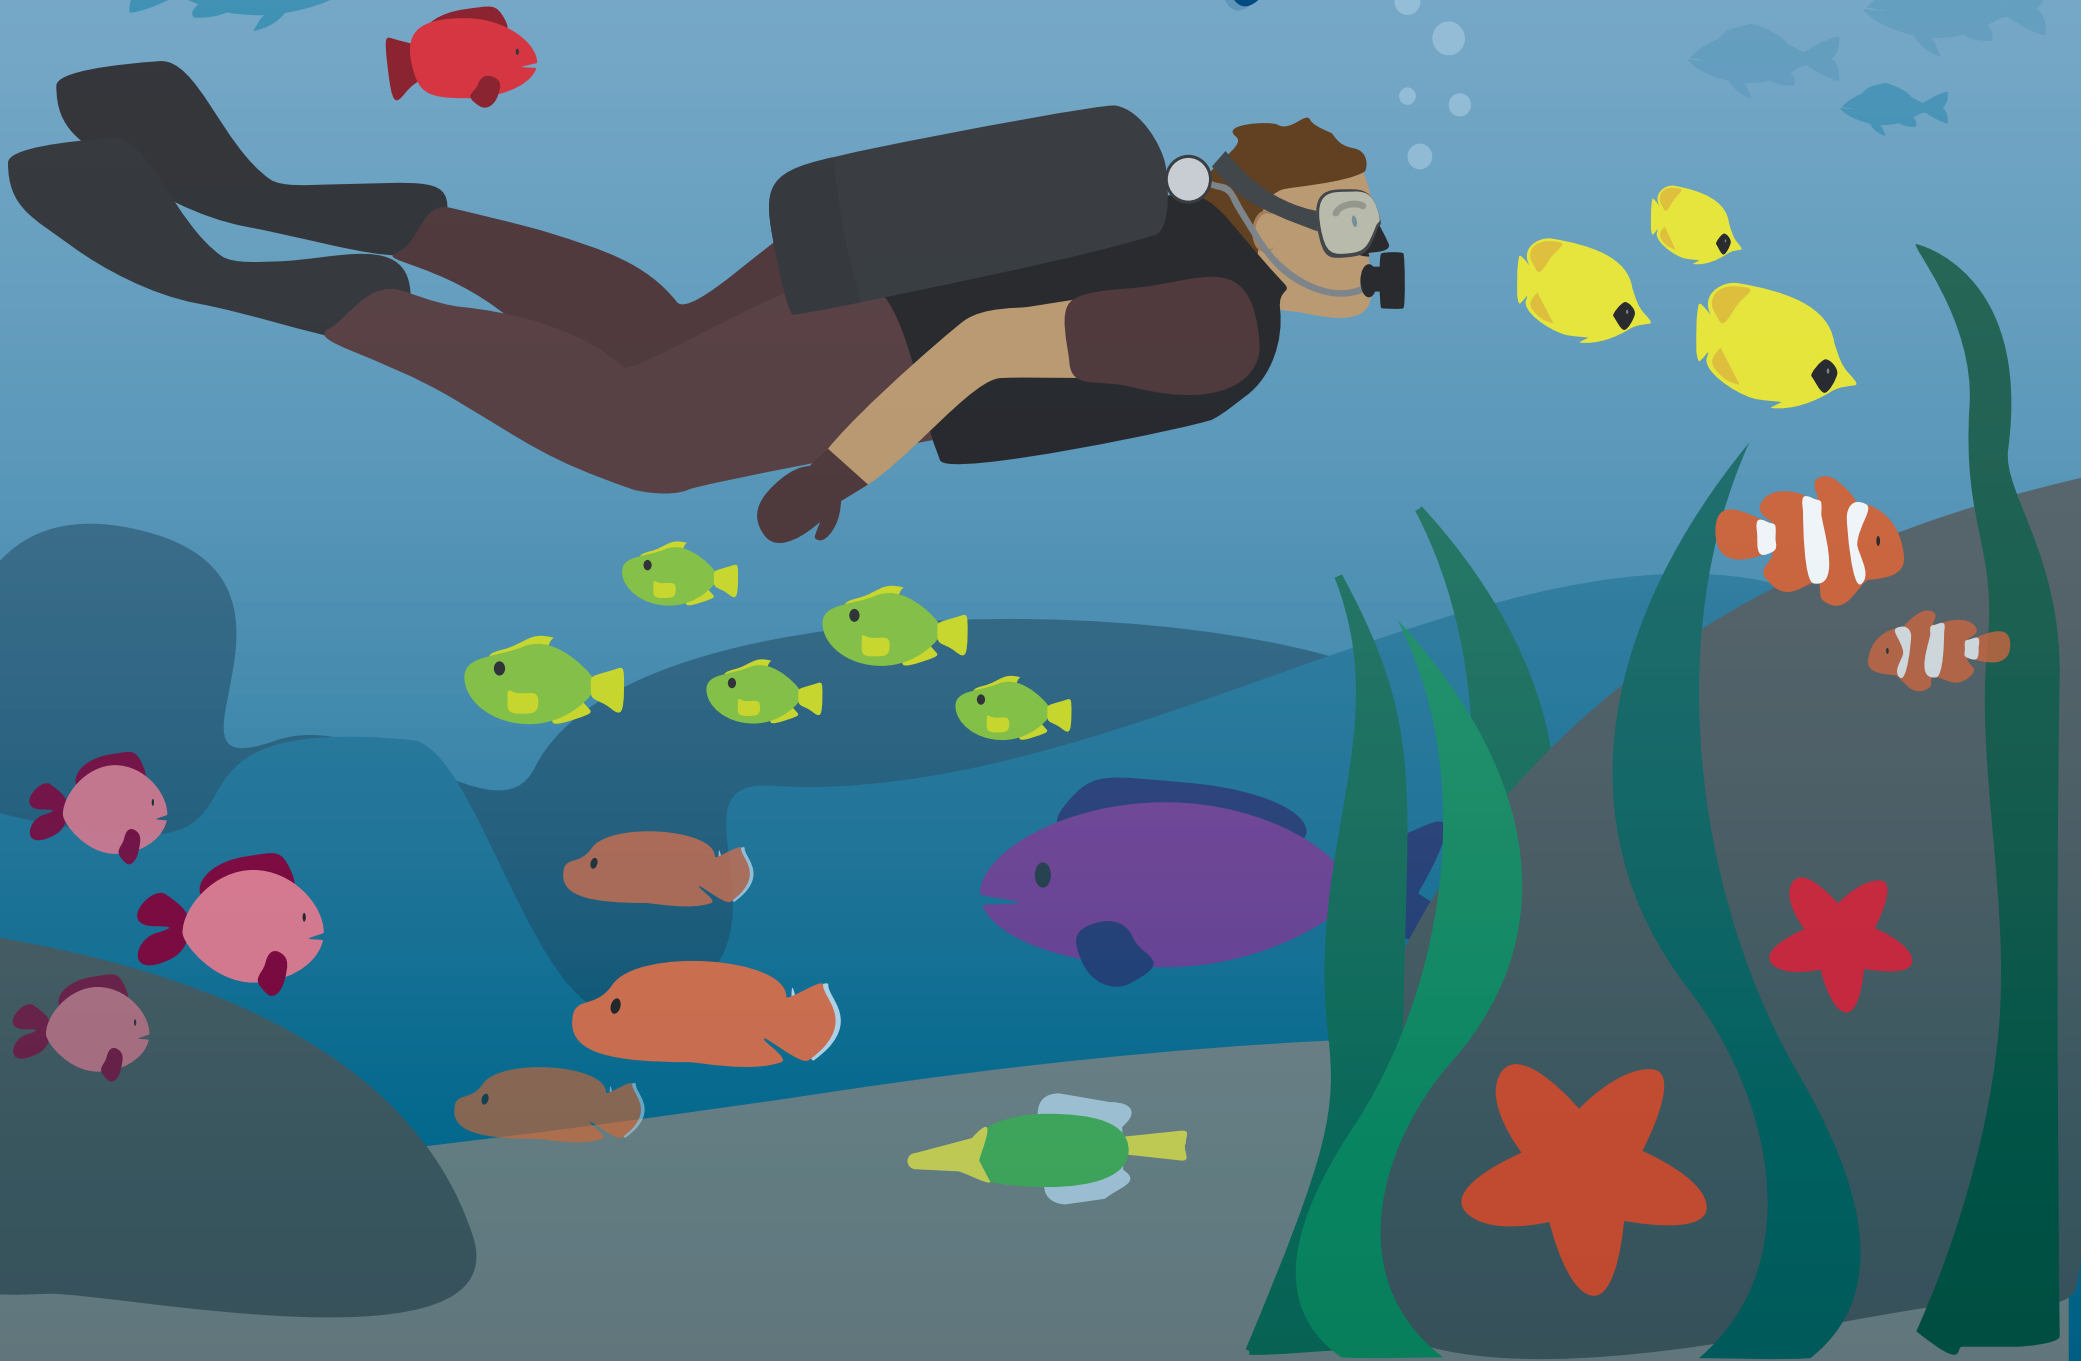

I

is for

Ichthyologists,

who study

fish of every hue.

P is for Paleontologists,
who find
fossils where they hide!

W is for **Wildlife**

Conservationists,

who help

species that are in danger.

X is for **Xenobiologists,**

who create
life that's like us,
but stranger!

There you have it,

A to Z

Which kind of scientist
do you hope to be?
