## WORK EXPERIENCE

---

### SENIOR SCIENCE WRITER | New England Aquarium

**Anderson Cabot Center for Ocean Life, Boston, MA.** Sep. 2017 – Present  
Highlights the science and research happening at the Aquarium's applied research center and helps the scientists tell their stories. Includes writing for the Aquarium and ACCOL websites, blue Member Magazine, and producing press releases. Leads ACCOL social media and develops campaigns with outside partners. Requires photo and video skills. Time spent in field.

- Developed and leads FB Live "Harborside Chats" series featuring Aquarium President and CEO Vikki Spruill.
- Lead re-design and development of andersoncabotcenterforoceanlife.org.

### SENIOR SCIENCE WRITER, SOCIAL MEDIA LEAD | NOAA Climate

**Acentia LLC, a Maximus Co., Silver Spring, Md.** Feb. 2016 – Aug. 2017  
Write for NOAA Climate.gov's News & Features. Strategic communications lead for the Climate Program Office. Social media coordinator for all NOAA Climate accounts. Responsible for development of monthly social media campaigns. Produced weekly and monthly newsletters that reach national and international audiences.

- Doubled Facebook followers to more than 100,000 in six months.
- Produced more than 100 pieces of story art, comics, and graphic design.

### SCIENCE WRITER, ILLUSTRATOR | NOAA Climate

**Acentia LLC, a Maximus Co., Silver Spring, Md.** Aug. 2013 – Feb. 2016  
Wrote for Climate.gov's News & Features, the NOAA Climate Program Office website, and the U.S. Climate Resilience Toolkit. Drafted stories highlighting new science and research. Edited and copyedited pieces from other writers and managed freelancers.
